STATE OF CONNECTICUT
PUBLIC UTILITIES REGULATORY AUTHORITY

APPLICATION OF THE CONNECTICUT LIGHT AND POWER COMPANY d/b/a EVERSOURCE ENERGY TO AMEND ITS RATE SCHEDULES	:	**DOCKET NO. 26-05-10**
	:	**SEPTEMBER 25, 2026**

MOTION FOR EXTENSION OF TIME BY
THE CONNECTICUT LIGHT AND POWER COMPANY

The Connecticut Light and Power Company d/b/a Eversource Energy ("CL&P" or the "Company") respectfully requests that the Public Utilities Regulatory Authority ("PURA") grant an extension of time for the Company to submit responses to certain interrogatories issued by the Conservation Law Foundation and Acadia Center ("CLF-AC") on September 16, 2026 ("CLF-AC Set 1"). Specifically, the Company seeks a 5 business-day extension of time for: CLF-AC-001, 002, 003, 004, and 005 (the "Outstanding Interrogatories") thereby moving the response deadlines to October 7, 2026. The Company requests an extension of time for the Outstanding Interrogatories consistent with PURA's Notice of Proceeding issued on June 2, 2026 ("Notice"), which requires that any person requesting a procedural change or other PURA approval must file a motion. Notice at 2. Specifically, the Notice requires that motions for extension of time "shall be filed in advance of the prescribed deadline and should provide sufficient time for the Authority to consider timely objections and to rule on the motion." Id. The Company submits this Motion three business days in advance of the current due date for the Outstanding Interrogatories.

The Outstanding Interrogatories in CLF-AC Set 1 were issued with an initial due date of September 30, 2026. CLF-AC Set 1 encompassed a total of 12 individual interrogatories, plus sub-parts. The Outstanding Interrogatories in CLF-AC Set 1 seek detailed information related to

relevant aspects of the Company rate case application. Specifically, the CLF-AC Set 1 Outstanding Interrogatories request detailed information regarding performance-based regulation.

At this time, the Company has determined it is unlikely it will be able to produce complete and accurate responses to the Outstanding Interrogatories within the current due date. The Outstanding Interrogatories require in-depth research, data extraction, analysis and review, and input from subject matter experts and numerous individuals from various parts of the organization, including management personnel and legal counsel, to ensure complete and accurate responses.

Further, Eversource submits this extension request in anticipation of a storm event forecasted for the end of this week, continuing into the weekend. A number of the Company's employees have been activated for storm duty, and Eversource anticipates subject matter experts responsible for the preparation of Eversource's responses to these interrogatories will soon be activated. While activated, these subject matter experts are limited in their respective abilities to prepare and finalize responses to these interrogatories. If an extension is granted, Eversource will endeavor to submit responses to interrogatories earlier than October 7, 2026, if possible.

The Company bears the evidentiary burden to prove the elements of its rate proposals and therefore requires a fair and reasonable opportunity to collect and provide information sought by PURA and other parties in furtherance of that obligation. Although many aspects of a rate proceeding are reasonably anticipated by the Company, the Company cannot anticipate all permutations of information that may be requested; the timing of those requests; requests for specific documentation; or, requests that involve research of historical records, records of accounts, or even employee-related recollections. The Company must have a reasonable opportunity to respond with full and adequate information, consistent with the Company's due process rights to present its case.

The Company is working diligently and using best efforts to produce the responses to the Outstanding Interrogatories on a timely basis. However, for the reasons stated in this Motion, the Company requires a 5 business-day extension of time for the Outstanding Interrogatories in order to have a reasonable amount of time to research, prepare, review, and submit a complete and accurate response to the Outstanding Interrogatories. Where feasible, the Company has filed responses to interrogatories in advance of due dates. For the Outstanding Interrogatories that require a longer time to produce complete and accurate responses, the Company will continue to use best efforts to submit its responses as soon as possible. The Company has limited this extension request to only the Outstanding Interrogatories to ensure that it does not prejudice any other party.

The Company has informed CLF-AC in advance of this Motion and received confirmation that CLF-AC consents to CLF-AC-001, 002, 003, 004, and 005 being filed on October 7, 2026.

WHEREFORE, the Company respectfully requests PURA grant a 5 business-day extension of time for the Outstanding Interrogatories, thereby moving the response deadline to October 7, 2026.

Respectfully submitted,

THE CONNECTICUT LIGHT AND POWER COMPANY d/b/a EVERSOURCE ENERGY
