**Description of Amtrak and Amtrak's Interest in the Proceeding**

Amtrak is a corporation authorized to be created by the Rail Passenger Service Act of 1970, currently set forth at 49 U.S.C. §§ 24101, *et seq*. Amtrak's principal place of business is located at 1 Massachusetts Avenue, NW, Washington, DC, 20001. Amtrak provides passenger rail service across the continental United States. Amtrak receives electric service from Eversource under Rate 58. Amtrak consumes substantial amounts of electricity in its operations, and any modifications to Eversource's electric rates may impact Amtrak's cost of operations.

Amtrak's principal interests in this proceeding are with the rates, terms, and conditions of its electricity service. Amtrak's status as a large consumer of electricity from Eversource means that Amtrak will be directly impacted

by changes to the terms and conditions of Eversource's electric service in this proceeding. Additionally, the recommendations of other parties and intervenors presented during this proceeding may also impact Amtrak. As such, Amtrak's legal rights to receive electric service at just, reasonable, and non-discriminatory rates could be affected by the Authority's disposition of Eversource's Application. Amtrak's interests are not otherwise represented by any other entity in this proceeding. Moreover, Amtrak has neither authorized nor will it authorize any other entity to represent its interests. Amtrak plans to participate in this proceeding to the extent necessary to protect its interests.

Amtrak requests Intervenor Status pursuant to Conn. Gen. Stat. § 4-177a(b), with full rights of participating in this proceeding. In that regard, Amtrak asserts that its participation is in the interests of justice and will not impair the orderly conduct of this proceeding. Amtrak respectfully requests the same scope of participation opportunities that the Authority provided to Amtrak in other proceedings, including the rights to submit evidence, propound interrogatories, receive data and information filed by parties and intervenors, cross-examine witnesses, file briefs, and present oral arguments on the designated issues in this proceeding.

**Request for Intervention**

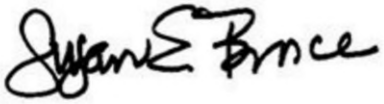
On June 2, 2026, the Authority issued a Notice of Proceeding establishing the above-referenced docket to conduct a contested proceeding to review Eversource's Application. Pursuant to the Notice, the Authority established July 28, 2026, as the deadline for persons to seek party or intervenor status in this proceeding.

As noted above, no other party can adequately represent Amtrak's specific interests as a Rate 58 customer and perspective in this proceeding.

Accordingly, Amtrak respectfully requests Intervenor Status in the above-referenced proceeding.

Thank you for your attention to this matter.

Very truly yours,



Susan E. Bruce (Attorney ID #439531)
