Subject: 26-05-10

Please include this in the Public Comments on bill 26-05-10

Lately I have seen Eversource advertising on TV. As Eversource can't gain or lose marketshare I don't understand spending $$$ on advertising. As an Eversource customer cutting any and all unnecessary expenses like Advertising would help lower costs to customers. Please look at all unnecessary advertising and marketing and any other expenses to help reduce these high electric bills.

Sincerely,

Barbara G Donahue
