RE: Application of The United Illuminating Company for Qualification of Residential Renewable Energy Solutions (RRES) Projects as Class I Renewable Energy Sources – Q1 2026 – 5.717161 MW

Dear Mr. Gaudiosi:

Please accept the attached Class I Renewable Energy Source Certification ("RESC") Application for solar photovoltaic ("PV") energy generation facilities enrolled in the Residential Renewable Energy Solutions ("RRES") program administered by The United Illuminating Company ("UI" or "the Company"). UI is submitting this application consistent with the direction of the Authority in Docket No. 20-07-01. UI will not be providing signatures for the Generation Facility Owners nor the Property Owner and will act as the Authorized Representatives of these parties for the purposes of these filings. Per the Agreement signed by all RRES Tariff recipients:

> *United Illuminating, shall have all right, title and interest in, and to, my Qualified System's generation and environmental attributes, including, without limitation, all renewable energy credits and certificates (collectively, "Certificates") for so long as I participate in the Program with the Qualified System (the "Term") ... UI, its affiliates, and any agents, employees, and representatives thereof (collectively "Authorized Representatives"), are authorized to include and represent my Qualified System in the New England Power Pool Generation Information System ("NEPOOL GIS") and/or any U.S. state or domestic or foreign registry for environmental attributes (collectively, "Other Registries"), and to receive and use all Certificates created with respect to energy generated by the Qualified System during the Term... I approve Eversource/UI's inclusion of the Qualified System as part of an aggregation in any state and agree that Eversource/UI will be the Authorized Agent for the Aggregation.*

I hereby certify service of this filing upon all parties and interveners of record in this proceeding.

Very truly yours,

James Nitz
