Re: Application of The United Illuminating Company for Qualification of Non-Residential Renewable Energy Solutions (NRES) Facilities as a Class I Renewable Energy Sources – Q1 2026 PV – 0.8713 MW

Dear Mr. Gaudiosi:

Please accept this Class I Renewable Energy Source Certification Application for Solar PV energy generation facilities enrolled in the Non-Residential Renewable Energy Solutions ("NRES") program administered by The United Illuminating Company ("UI"). UI is submitting this application consistent with the Program Rules approved by the Authority in Docket Nos. 21-08-03.

Please note that this Class I Renewable Energy Source Certification Application does not include signatures of generation facility owners or property owners for the numerous facilities enrolled in the NRES program. UI requires completion of a Customer-Executed Tariff Agreement signed by both the Customer of Record and UI for all projects enrolling in the NRES program. The Year 1 agreements were last filed with the Authority on August 8, 2022 in Docket No. 21-08-03 pursuant to Order No. 18 in the June 30, 2021 Decision in Docket No. 20-07-01. The Year 2 agreements were last filed with the Authority on December 12, 2023 in Docket No. 22-08-03 pursuant to Order No. 5 in the November 9, 2022 Decision in Docket No. 22-08-03. The Year 3 agreements were last filed with the Authority on December 31, 2024 in Docket No. 23-08-03 pursuant to Order No. 6 in the November 8, 2023 Decision in Docket No. 23-08-03. The Year 4 agreements were last filed with the Authority on July 1, 2025 pursuant to order No. 6 in the November 6, 2024 Decision. These agreements contain requisite language endorsing that UI has title to all Renewable Energy Certificates (RECs) and any other tradable energy or environmental-related commodity produced by or associated with the system.

I hereby certify service of this filing upon all parties and interveners of record in this proceeding.

Sincerely,

James Nitz
