"Customer" means a Prospect that has entered into a Customer Agreement with SFE. "Customer Agreement" means a Commercial sales agreement (In accordance with the state regulations for which SFE permits the Sales Partner to market in) between SFE and a Prospect, procured by Sales Partner pursuant to this Agreement that has been verified (and not rescinded by a Prospect). In circumstances where a Prospect and SFE enter into a binding agreement, they shall only be deemed to be parties to a Customer Agreement at such time as the agreement between SFE and the Prospect has been verified by and signed by the Customer in accordance with this Agreement and applicable Law, the Prospect has received SFE's written terms and conditions and the Prospect has not rescinded the agreement, at which time the Prospect becomes obligated to purchase natural gas and/or electricity from SFE. It is specifically recognized and agreed that SFE, in its sole discretion, may from time to time, change the terms and conditions under which it will enter into a Customer Agreement, and nothing herein shall be deemed to prohibit a Customer and SFE from agreeing to terminate a Customer Agreement early. Further, all terms and conditions of the Customer Agreement are subject to SFE's approval and Sales Partner will not directly or indirectly represent or imply otherwise to a Prospect and/or Customer. SFE is responsible for evaluating, approving or denying each Prospect's credit.

Upon termination of a Customer Agreement for any reason, SFE's obligation to remit commission to Sales Partner under this Agreement will also terminate. Otherwise the Sales Partner will continue to receive commission payments in accordance with section 7. Further, if a Customer (and/or the Local Distribution Company in purchase-of-receivables Markets) should default in making payments to SFE under its Customer Agreement and SFE has already paid the commission to Sales Partner for the default period, SFE has the right to either (a) deduct that amount previously paid from the total amount due to Sales Partner in a subsequent period; or (b) invoice Sales Partner for such amounts, payable on demand if termination occurred within the specified Chargeback period.

"Sales Territories" means a portion of a Market where the Work is to be performed as described in Appendix 1 hereto.

Any other capitalized terms used herein but not defined herein have the definitions assigned to them in the Terms and Conditions.

From time to time, SFE may enter into such agreements and arrangements pursuant to which SFE may undertake obligations to supply Energy Services to a particular Commercial Customer. Sales Partner shall identify for SFE potential Commercial Customers ("Customer"), who may be interested in purchasing Energy Services from SFE, subject to negotiation of a definitive agreement which may include the completion of a quality call (where required by law) with the Customer conducted by SFE ("Customer Agreement") embodying such a transaction between SFE and Customer. The Sales Partner shall not be permitted to sell to a Residential Customer under this Agreement.

4.0 TERM

4.1 The term of this Agreement shall begin on the Effective Date as defined above and shall continue until and unless terminated by either Party giving the other Party thirty (30) days written notice (the "Term"). 5.4 Sales Partner shall have first right to pursue renewal, extension, or replacement Customer Agreement. If the Sales Partner fails to renew the Customer Agreement in a commercially reasonable amount of time as outlined in the Customers Agreement, SFE shall have the right to pursue the customer independent of the Sales

Partner. The Fee for any renewal, extension, or replacement of Customer Agreement will be in accordance with Appendix 2 and payable to Sales Partner provided they are in active and are in good standing with SFE.

5.5 Sales Partner shall assist SFE, where commercially reasonable, to resolve any Customer complaints, including complaints filed with the Better Business Bureau, any news-distributing entity or federal, state or local governmental agency.

6.2 SFE shall timely return pricing information, credit requirements and all other required Customer Agreement information and documents for all Customers submitted by Sales Partner pursuant to Section 5.1 and accepted for pricing by SFE pursuant to Section 6.1. Return of information and documents per the terms of this Agreement shall not obligate SFE to contract with a given Customer, and SFE shall not be held responsible for any losses or damages suffered by Sales Partner as a direct or indirect result of SFE unwillingness to contract with given Customers.

6.3 SFE shall provide commercially reasonable access for Sales Partner to SFE-produced marketing information, including general information regarding SFE, sample bill formats, sample Customer Agreements and other marketing information as SFE shall deem appropriate. Sales Partner shall not use or disseminate to any third party, including Customers, any printed, written or electronic material on which appears SFE's name or logo without the consent of SFE.

6.5 SFE shall timely pay agreed-upon Fees, per Section 7, to Sales Partner for executed Customer Agreements between Customer and SFE only for those Customers identified by Sales Partner and introduced by Sales Partner to SFE.

6.6 This Agreement is mutually non-exclusive between SFE and the Sales Partner and both parties have the right to operate in the same territory, selling the same products.

7.0 FEE PAYMENT

7.1 Sales Partner and SFE will agree upon the Sales Partner's Fee in accordance with Appendix 2.

7.2 SFE shall timely pay Sales Partner its Fee, upon receipt of a properly executed, submitted and accepted Customer Agreement and accompanying Offer Sheet from a Customer identified by Sales Partner and introduced by Sales Partner.

7.4 SFE shall collect from Customer and pay to Sales Partner its Fee on a regular basis and based on the agreed-upon Fee pursuant to Appendix 2. SFE shall have the right, but not the obligation, to offer terms for prepayment of Fees. Such alternative Fee payment terms shall be at the sole discretion of SFE and may be withdrawn at any time and without notice to Sales Partner.

7.5 SFE will pay Sales Partner the Fee for renewals or subsequent Customer Agreements between Customer and SFE, providing Sales Partner fully performs the duties as identified in Section 5.5 as relate to that Customer and Customer Agreement.
7.6 SFE shall have the right, but not the obligation, to collect and set-off any Fees collected from the Customer by SFE on behalf of the Sales Partner in consideration for any prepaid Fees.

7.7 Notice and explanation of any disputes or inquiries concerning commissions shall be submitted to either Party in writing, and failure to provide commercially reasonable notice and explanation shall constitute a waiver of any dispute relating to such commissions.

10.4 Assignment. Neither Party may assign the Agreement in whole or in part without the other Party's prior written consent, which consent shall not be unreasonably withheld provided that; (a) SFE may assign the Agreement to another qualified retail gas/electricity provider or energy service company, without Sales Partner's prior consent and (b) SFE will not withhold its consent if the assignee meets SFE's standard credit requirements and agrees to be bound by the terms of this Agreement. Upon any valid assignment of the Agreement, the other Party hereby agrees that the assigning Party shall have no further future obligations under this Agreement.

10.5 Severability. Any provision, article, or section declared or rendered unlawful by a court of law or regulatory agency with jurisdiction over the Parties, or deemed unlawful because of a statutory change, shall not otherwise affect the other lawful obligations that arise under this Agreement. Figure 1. Compensation Schedule: Commercial Commissions

As a Sales Partner with SFE You will be eligible for the following:

Natural Gas and Electricity Monthly Commission

SFE will publish wholesale rates on a weekly and/or daily basis that are valid up to the posted expiry date. The commission rate will be based on pricing valid for the day the contract is submitted to SFE. Delays in submission may impact the commission rate.

- Fixed Price Product – The Sales Partner retains 100% of the added margin, referred to as the Adder, up to $0.010/kWh for Electricity and $0.10/therm for Natural Gas. Any additional margin above these amounts are split with SFE 50/50 up to a cap of $0.015/kWh on Electricity and $0.15/therm on Natural Gas. The 50/50 split on the added margin between $0.010/kWh and $0.015/kWh on Electricity and $0.10/therm and $0.15/therm on Natural Gas will put the maximum margin the Sales Partner can earn at $0.0125/kWh and $0.125/therm. The Sales Partner does not qualify to receive any additional commission margin greater than these maximum amounts.

- Variable Price Product – SFE will pay a standard Adder of $0.003 for Electricity and $0.03 for Gas

- Commissions shall be reported and paid based on:

1. Copy of customer agreement with customer's signature, or completed TPV call where required.
2. SFE Acceptance.
3. Welcome Call Acceptance (if applicable).
4. Customer Flow Date.
5. Satisfying SFE credit requirements where required for non-POR accounts/Dual Billing accounts including but not limited to, passing a credit check and/or submitting the customer's utility bill(s) for review
6. Deposit requirements paid in full in 3 business days from requested date, Texas only (if required)

The Fee shall be reported and paid out on the following terms

(A) Commissions will be paid monthly on the commission week that falls within the 15th day of every month.
(B) Payments will be based on actual customer consumption/usage as received from the utility. The Fee is calculated by using the previous month's consumption/usage multiplied by the Adder.
(C) For accounts that are non-POR or Dual Billing, SFE will pay commissions once the customer's monthly bill is paid in full and funds have been received by SFE.
(D) Where SFE does not receive the monthly usage at the time commission is calculated by the 15th of every month, SFE will pay said commission the following month.

Clawbacks (Charge-backs**)**
If the customer terminates post flow, or on contract expiry, a reconciliation will be performed against the total volume flowed. Should the volume that has flowed multiplied by the Adder be less than the amount paid up front, the difference between the amount paid and the calculated commission will be clawed-back. If the account is cancelled due to a sale related issue (ie fraud), SFE reserves the right to clawback all commission at any time during the full Term of the contract.

Renewal
The Sales Partner is eligible to manage their own renewals. Renewing customers will be treated as a newly solicited customer. If SFE auto renews the customer while the Sales Partner is under contract with SFE (as per the terms and conditions of the customer contract), SFE will pay commission at a rate of $0.003 for Electricity and $0.03 for Gas. In Texas only, the Sales Partner will retain the same margin the original contract was executed under. Payment terms are the same as above.

Timing of Reporting and Payments:
Reporting and payment will be made directly by SFE Energy Inc. to Sales Partner for the prior month's customer consumption/usage after the 15th day of the month. Where the utility fails to report the customer's actual consumption/usage by the time reporting is generated than the fee will be calculated and paid on the next payment cycle. SFE pays only by ACH bank transfer, not by wire transfer. Funds are expected to post in Sales Partner's account within 7 (seven) business days after the 15th day of the month.
