Dear Commissioner Wiehl and Honorable Commissioners of PURA,

I am a former State Representative for the 149th district and currently Selectwoman of the Town of Greenwich. I am writing to urge you to reject the Eversource rate hike request of $727 million.

If Eversource's request is approved, the average residential customer would see rates rise by 18 percent. In Greenwich, and around the State of Connecticut, people are struggling to make ends meet because of the rising cost of food, gas, and other necessities and a rate increase will force them to make even more tough choices about what they pay for.

Connecticut residents pay among the highest electricity rates in the continental United States. I urge you to fully consider the impact the requests from Eversource and United Illuminating will have on ratepayers.

I appreciate your time and consideration of this matter.

Sincerely,
Rachel Khanna

Rachel Khanna
Selectwoman
Town of Greenwich
Office of the First Selectman
