News For You

Beginning on July 1, if you receive energy supply from Eversource you will see a decrease to your supply rate compared to June. The supply rate is decreasing due to the lower cost of natural gas, which the region relies on to produce electricity. The supply rate is adjusted two times a year in July and January. Energy use may also increase in the summer. See how we can help you use less energy and lower your bill at Eversource.com/home-savings.
