Question:

(Poles) Please reference Exhibit CLP-RATES-2.14. Is the cost of insurance included in calculating carrying charges? If not, please explain why.

Response:

Yes, the cost of insurance is included in the calculation of the carrying charge portion of the pole attachment formula. Account 924 – Property Insurance is included within the total Administrative and General Expenses. This figure is included in the numerator of the calculation of the "Administrative Element" portion of the Carrying Charge calculation as shown on Page 4 of CLP-RATES-2.14.
