June 1, 2026

Mr. Jeffrey R. Gaudiosi, Esq.
Executive Secretary
Public Utilities Regulatory Authority
10 Franklin Square
New Britain, CT 06051

Re: Docket No. 26-08-02, Annual Residential Renewable Energy Solutions Program Review – Year 5, Compliance with Order No. 26

Dear Mr. Gaudiosi,

Pursuant to the Public Utilities Regulatory Authority's ("PURA" or the "Authority") Final Decision in Docket 25-08-02 (the "Year 5 Decision") dated November 17, 2025, The United Illuminating Company ("UI" or the "Company") hereby submits this compliance filing.

Order No. 26 of the Decision states:

> *No later than June 1, 2026, the EDCs shall file an update to CAE-4 as compliance in Docket No. 26-08-02. In addition to the total number of RRES projects online without a production meter installed broken down by solar installer, the EDCs shall also include the number of third-party-owned and the number of customer-owned systems.*

In compliance with the above, UI submits Attachment 1, which contains known data at this time from PowerClerk specific to interconnection applications seeking to participate in the Residential Renewable Energy Solutions (RRES) program without a production meter installed. The Company is additionally investigating a discrepancy found against the original CAE-004 data. The Company will supplement this filing with any change(s) explained, within 2 weeks.

I hereby certify service of this filing upon all parties or intervenors of record in this proceeding.

Sincerely,

James Nitz
