CAE-007 Q:

What percentage of RRES customers receiving adders have adder payments directed to a third-party beneficiary? Provide the percentage separately for the low-income and distressed municipality adder.

CAE-007 A:

Currently, there are 1717 energized projects with a Tariff Incentive Adder directed to a third party. Of those, 58 projects, or 3% of the total number of projects, have the Income Eligible adder, while 1,659 projects, or 97%, have the Distressed Municipality Adder.
