Re: Docket No. 26-08-02, Annual Residential Renewable Energy Solutions Program Review – Year 5, Compliance with Order No. 11

Dear Mr. Gaudiosi,

Pursuant to the Public Utilities Regulatory Authority's ("PURA" or the "Authority") Final Decision in Docket 22-08-02 (the "Year 2 Decision") dated November 2, 2022, The United Illuminating Company ("UI" or the "Company") hereby submits this compliance filing. The Year 2 Decision is updated, in part, by the Final Decision in Docket No. 25-08-02 (the "Decision") dated December 17, 2025,

Order No. 11 of the Decision states:

> *Reference Year 2 Decision, Order No. 12, p. 35: On a [quarterly basis beginning on January 1, 2024] through [the duration of the RRES Program], the EDCs shall provide updates to Docket No. 21-08-02 Response to Interrogatory CAE-8. Specifically, the Authority adapts the ruling in Docket No. 21-08-02 to Motion No. 26 dated March 22, 2022, which directed the EDCs to submit as a compliance filing an update to Interrogatory CAE-8 ~~on or before the 15th of every month through January 1, 2023~~ ~~(i.e., the final filing would have been made on December 15, 2022)~~, ~~to instead direct~~ ~~the compliance filings to continue monthly through January 1, 2024~~. Such filings shall be made in [the annual review proceeding (i.e., in 2024, Docket No. 24-08-02)] and should also include tariff type and incentive adder status information. [Last, beginning by July 1, 2024, the quarterly filings shall include: (1) the total number of low-income customers and customers located in Distressed Municipalities, and associated project capacity, which do not receive either adder, in addition to the existing breakouts for customers enrolled in the low-income and Distressed Municipality adders; (2) the number and associated project capacity of customers who reside in environmental justice census block groups, broken out by customers that qualify for the low-income and Distressed Municipality adders and those that do not; and (3) the number and associated project capacity of RRES customers who qualify for the Federal Justice 40 disadvantaged communities definition.]*

In compliance with the above, UI submits Attachment 1, which contains data specific to interconnection applications that have applied to participate in the Residential Renewable Energy Solutions (RRES) program, as originally provided in response to CAE-008, updated from January 2026 through March 2026.

I hereby certify service of this filing upon all parties or intervenors of record in this proceeding.

Sincerely,

James Nitz
