STATE OF CONNECTICUT
PUBLIC UTILITIES REGULATORY AUTHORITY
EDUCATION, OUTREACH, & ENFORCEMENT

July 23, 2026

Dear Docket Participants:

By Final Decision in the Dockets listed in Appendix A attached hereto, Applicants, also listed in Appendix A, were approved to provide water submetering by the Public Utilities Regulatory Authority (Authority or PURA). Aquarion Water Company was designated as the regulated water utility for the Facilities in the Dockets listed in Appendix A.

The Authority is statutorily charged with regulating Connecticut's investor-owned water utilities under Title 16 of the General Statutes. Public Act 24-1, An Act Concerning Motor Vehicle Assessments For Property Taxation, Innovation Banks, The Interest On Certain Tax Underpayments, The Assessment On Insurers, School Building Projects, The South Central Connecticut Regional Water Authority Charter And Certain State Historic Preservation Officer Procedure (Public Act No. 24-1) allowed for the creation of the Aquarion Water Authority (AWA), a quasi-public corporation and political subdivision of the State of Connecticut. Under Public Act 24-1, the Authority does not have jurisdiction over AWA. See Public Act 24-1 § 61.

On June 30, 2026, Eversource Energy announced the sale of Aquarion Water Company and all direct and indirect subsidiaries[1] to AWA. With the closing of the sale, effective July 1, 2026, Aquarion Water Company no longer operates as a public service company pursuant to General Statutes § 16-1 and is thus no longer subject to the Authority's jurisdiction.

Accordingly, because the Applicants are no longer submetering water *from the supply of a regulated public utility*, the Authority no longer has jurisdiction over the previously approved submetering Applicants at the Facilities in Dockets listed in Appendix A.

Sincerely,

Public Utilities Regulatory Authority
Office of Education, Outreach, and Enforcement
