STATE OF CONNECTICUT

PUBLIC UTILITIES REGULATORY AUTHORITY

GENCONN ENERGY LLC APPLICATION TO ESTABLISH 2027 REVENUE REQUIREMENTS	**:**	**DOCKET NO. 26-06-02**
	:	**July 31, 2026**

MOTION FOR EXTENSION OF TIME

GenConn Energy LLC ("GenConn" or the "Company") respectfully requests that the Public Utilities Regulatory Authority ("PURA") grant an extension of time for the Company to submit its response to an interrogatory issued by PURA on July 20, 2026 ("RRU Set 1"), which currently has a response date of August 3, 2026. Specifically, the Company requires an extension of time for one of the nine interrogatories included in RRU Set 1, which is: RRU-001 (the "Outstanding Interrogatory"). The Notice of Proceeding issued in this matter on June 16, 2026 ("Notice") indicates that Motions for Extensions of Time must be submitted sufficiently in advance of the prescribed deadline for PURA to consider any timely objections; consistent with this directive, the Motion for Extension is submitted one business day and three calendar days in advance of the prescribed deadline. Prior to submission of this motion, counsel for the Company conferred with counsel for the Office of Consumer Counsel ("OCC") and the Department of Energy and Environmental Protection ("DEEP") and is authorized to represent that OCC does not object to the requested extension of time and that DEEP takes no position on the Company's request.

RRU Set 1 was issued on July 20, 2026, and contained a total of nine individual interrogatories, plus subparts. The Company requests a one-week extension of time to respond to Interrogatory RRU-001. RRU-001 specifically seeks detailed information and workpapers

regarding O&M accounts and categories, with detailed explanations for variances for several historical years. At this time, the Company has determined it is unlikely that it will be able to produce a complete and accurate response to RRU-001 by the current due date. RRU-001 requires in-depth research, data extraction, analysis and review, production of documentation, and input from subject matter experts and numerous individuals from various parts of their organizations, to ensure complete and accurate responses. As a result, the Company is filing this motion for extension to request to move the due date to respond to RRU-001 to August 10, 2026, to allow for sufficient time for this process.

The Company is working diligently and using best efforts to produce responses to all interrogatories on a timely basis. However, for the reasons stated in this motion, the Company requires an extension of time to August 10, 2026 in order to have a reasonable amount of time to research, prepare, review, and submit a complete and accurate response to RRU-001. The Company will continue to use best efforts to provide the response as soon as possible. The Company has limited this extension request to ensure that it does not prejudice any other party. As noted above, counsel for the Company has conferred with counsel for OCC and DEEP and is authorized to represent that OCC does not object to the Motion and DEEP takes no position on the Company's request.

WHEREFORE, the Company respectfully requests PURA grant an extension of time from August 3, 2026 up to and including August 10, 2026, to submit its response to RRU-001.

RESPECTFULLY SUBMITTED,

GENCONN ENERGY LLC
