GenConn Energy LLC **Witness: Devang Patel**

Docket No. 26-06-02 **Page 1 of 1**

Date Submitted: September 10, 2026

RRU-011 Q:

(GIS Taxes) Application, GenConn-02 (Settlement), Tab: Ex. 1B. Interrogatory RRU-3 requested copies of the property tax bills supporting the GIS taxes shown on Ex. 1B. The Company apparently provided the invoices received from Eversource in response to this interrogatory. On the invoices it is noted "Attachments to be included with the Bill." Provide copies of the attachments that were included with the bills. If the attachments requested are not the actual property tax bills from the City of Middletown, please provide the actual property tax bills from the City of Middletown. If the billing from Eversource is a result of an allocation from the actual property tax bills, please provide the bills, the basis for allocation, and provide the due diligence the Company performed to ascertain that the allocation was correct.

RRU-011 A:

The Company notes that this interrogatory cites to GenConn-02 (Settlement). For clarity, the Company's proposed revenue requirement in this case is contained in Attachment GenConn-02. In contrast, GenConn-02 (Settlement) was provided for illustrative purposes only (Attachment GenConn-01, at iii n. 5, 5, 9-10, 19, n. 11).

Please refer to RRU-011 Attachment 1 for copies of the requested bills.

The basis for allocation is provided on page 10 of RRU-011 Attachment 1. The proportion allocated represented those components located between the point of interconnection and change of ownership for the GenConn Middletown units. Based on the analysis provided by Eversource, the Company determined that two percent allocation was a reasonable approach to prorate the components located between the point of interconnection and change of ownership.
