FOR ESTABLISHMENT OF 2027	:	SEPTEMBER 28, 2026
REVENUE REQUIREMENTS	:	

MOTION OF GB II NEW HAVEN LLC
FOR A PROTECTIVE ORDER FOR CONFIDENTIAL TREATMENT

1. GB II New Haven LLC ("GB II" or the "Company"), hereby moves that the Public Utilities Regulatory Authority (the "Authority") enter a protective order in this docket ("Protective Order") to ensure that certain interrogatory responses submitted in Docket No. 26-06-03 *Application of GB II New Haven LLC for Establishment of 2027 Revenue Requirements,* are not subject to public disclosure, pursuant to the Rules of Practice of the Authority and Conn. Gen. Stat. § 1-210(b)(5)(B). As certified in the Affidavit of Michael Bruneau dated September 28 2026 and filed this day with the Authority, GB II asks that the protective order specifically cover and include the information contained in interrogatory response RWA-5.

2. The Company's RWA-5 response contains revenue figures earned in the wholesale energy markets for the New Haven Peaking facility. This information is highly confidential and commercially sensitive market information. If this information were publicly released, the facility's competitive status could be materially impacted, reducing potential revenues for ratepayers. The Authority has already approved the protective status of such financial revenue information contained within the Company's monthly invoices. (*See* order granting Motion No. 01 (July 13, 2026).

3. For the above reasons, GB II respectfully moves that the Authority grant the Company's motion for protective order.

Respectfully submitted,

GB II NEW HAVEN LLC
