MOTION FOR PROTECTIVE ORDER

Future Fiber Parent, L.P. ("Transferor" or "Fiber Parent"), NetSpeed, LLC ("Licensee" or "NetSpeed") and Go Holdco I, LLC ("Transferee" or "Go Holdco" and with Fiber Parent and NetSpeed, the "Applicants") respectfully move ("Motion for Protective Order") the Public Utilities Regulatory Authority ("PURA" or the "Authority") issue a Protective Order pursuant to General Statutes ("Conn. Gen. Stat.") § 1-210(b)(5)(A) with respect to certain NetSpeed financial statements the Applicants are providing the Authority in connection with the Applicants' Joint Application for Approval of Change of Control in the above-captioned proceeding.

The Applicants have contemporaneously submitted a joint application ("Application") to the Authority for approval of a change of control of certified telecommunications services provider, NetSpeed, to Go Holdco as contemplated by a Transaction Agreement dated April 25, 2026 (the "Agreement"). The transaction described in the Agreement (the "Proposed Transaction") will result in the transfer of indirect ownership and control of NetSpeed from Fiber Parent to Go Holdco—a joint venture that will be 50/50 controlled and co-managed by T-Mobile USA, Inc. ("T-Mobile") and Oak Hill Capital Management, LLC ("Oak Hill"), which indirectly controls Fiber Parent and its subsidiaries today.

As part of the Application, Applicants are submitting, subject to this Motion for Protective Order certain NetSpeed financial statements ("Confidential-Proprietary Information") that may assist the Authority in its review of the Application.

As reflected in the attached Affidavit of Anna Reynolds, Executive Vice President and Chief Financial Officer for NetSpeed, LLC, the Confidential-Proprietary Information contains information that is considered commercially valuable, confidential and proprietary, non-public financial, commercial and business information constituting trade secrets within the meaning of Conn. Genn. Stat. § 1-210(b)(5). The Applicants have heretofore used their best efforts to maintain the Confidential-Proprietary Information as secret in order to avoid the harm that would result if the information were to become publicly available. Specifically, the Confidential-Proprietary Information contains sensitive competitive, strategic, business and financial information that could be used by competitors to stifle the Applicants' business plans and deployment strategies in a manner damaging to Applicants. As such, the information contained in the Confidential-Proprietary Information derives potential and actual independent economic value from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure and use, within the meaning of Conn. Gen. Stat. § 1-210(b)(5)(A)(i).

In addition, the Applicants have heretofore used their best efforts to maintain the Confidential-Proprietary Information as secret in order to avoid the harm that would result if the information were to become publicly available, within the meaning of Conn. Gen. Stat. § 1-210(b)(5)(A)(ii). As such, the information contained in the Confidential-Proprietary Information is exempt from public disclosure pursuant to Conn. Gen. Stat. § 1-210(b)(5)(A).

For the foregoing reasons, including the reasons set forth in the Affidavit of Anna Reynolds, Executive Vice President and Chief Financial Officer for NetSpeed, LLC dated June 8, 2026, the Applicants respectfully request the Authority's approval of the enclosed Protective Order, which would limit disclosure of the Confidential-Proprietary Information to the Authority, Authority staff, the Office of Consumer Counsel ("OCC") and OCC staff.

In anticipation of the Authority's grant of the Protective Order, a single copy of the Confidential-Proprietary Information has been provided to the Authority's Executive Secretary and is labeled "**CONFIDENTIAL-PROPRIETARY**".

Respectfully submitted,

For Go HoldCo, NetSpeed, and Fiber Parent:
