MOTION FOR PROTECTIVE ORDER

Trinity Solar, LLC, formerly known as Trinity Solar, Inc. (hereafter referred to as "Trinity Solar" or "Company"), acting on behalf of itself and its affiliates, agents, and predecessors, hereby requests that the Public Utilities Regulatory Authority (the "Authority") approve this motion for a protective order to ensure that Confidential Information provided in response to Interrogatories CAE-14 through CAE-20 is not subject to public disclosure.

Trinity Solar seeks this protective order to prevent the public exposure of sensitive information, including but not limited to customer contracts, customer disclosure forms, and financial information. Some examples of this type of information are customer-identifying data, internal payments, customer specific information, and price computations.

The expectation of the privacy of Trinity Solar's consumers would be violated by the public release of customer specific identifiers and information. Consequently, Trinity maintains that the Confidential Information is exempt from disclosure under Conn. Gen. Stat. §1-210(b)(1). Finally, documentation submitted pertaining to the five (5) Trinity Customers contains various personal identifiers for each customer, as well as other customer specific information, the release of which would constitute an invasion of personal privacy. This information is confidential and has not been and should not be disclosed to the public. Maintaining this information as confidential solidifies the privacy of Connecticut customers and avoids potential harm to Trinity as well.

Furthermore, in accordance with Conn. Gen. Stat. §1-210(b)(5), the Authority is empowered to shield "trade secrets" and "commercial or financial information given in confidence, not required by statute" from public disclosure. Section (B) specifically sets forth an exception for "commercial or financial information given in confidence, not required by statute." Here, it is evident that business competitors would value cost, price, and internal strategy decisions economically, and such information held by Trinity has never before been made public or otherwise disclosed. Additionally, because cost and pricing information would generally be considered "commercial or financial information," it qualifies under exception (B). Similar requests to safeguard identical information have been approved by the Authority in similar circumstances. *See* Docket No. 22-08-02, Annual Residential Renewable Energy Solutions Program Review – Year 2, August 16, 2022, decision on Motion No. 2.

As set forth above, the information submitted is protected information for which there is no viable interest to the public in making same accessible. As such, Trinity Solar respectfully requests that the Public Utilities Regulatory Authority grant this motion for a protective order. Should the Authority disagree with the position as set forth above, Trinity respectfully requests that Trinity have the opportunity to redact each customers' personal identifiers prior to such documentation being publicly filed.

Respectfully Submitted,

/s/ Nicole Green

RE: ANNUAL RESIDENTIAL RENEWABLE ENERGY SOLUTIONS PROGRAM REVIEW AND RATE SETTING – YEAR 6)

DOCKET NO. 26-08-02

May 28, 2026

AFFIDAVIT OF MICHAEL FARRELL

I, Michael Farrell declare the following:

I am over the age of eighteen and understand the obligation of an oath. The following statements are true and accurate to the best of my knowledge and belief:

1. I am the Sales Operations Manager for Trinity Solar, LLC as it relates to the confidential Customer Information pursuant to Docket No. 26-08-02.
2. Trinity Solar seeks to protect the designation of confidential information, including but not limited to customer's contact details and cost and pricing data that is sensitive within the competition of its industry as well as specific to each customer.
3. Trinity Solar has, to the best of my knowledge and understanding, used its best efforts to not disclose the above referenced confidential information publicly. If this information were disclosed publicly, it would contrast with our customers' expectation of having their information kept private as well as risk exposure of trade secrets to business competitors.

Michael Farrell

Signed and sworn before me,
This 28th day of May, 2026.
