Re: Docket No. 26-08-06 – ANNUAL EV CHARGING PROGRAM REVIEW – YEAR 6

Dear Attorneys Anugweje and Bhandari:

On October 1, 2026, the Department of Energy and Environmental Protection, Bureau of Energy and Technology Policy (BETP) and the Office of Consumer Counsel (OCC) submitted a motion for extension of time (Motion No. 10) to the Public Utilities Regulatory Authority (Authority). In Motion No. 10, BETP and OCC seek to extend the time to respond to the Authority's September 21, 2026 Notice of Request for Written Comments for an additional two weeks. Motion No. 10, p. 1. BETP and OCC believe that the presentation and discussion at the upcoming technical meeting scheduled for October 13, 2026 will help inform their responses. Motion No. 10, p. 1.

The Authority denies the motion. Written Comments will continue to be due on October 5, 2026 to permit the Authority and stakeholders to prepare for a productive discussion at the technical meeting. However, the Authority will allow supplemental written comments to be filed by October 20, 2026 at 4:00 PM.

By the following commissioner[1],

Janice A. Beecher
Commissioner
