Dear Mr. Gaudiosi,

Pursuant the Public Utilities Regulatory Authority's ("PURA" or the "Authority") December 17, 2025 Decision in Docket No. 25-08-02, The Connecticut Light and Power Company d/b/a Eversource Energy ("Eversource") hereby provides this compliance filing.

Specifically, Order No. 26 states:

> *No later than June 1, 2026, the EDCs shall file an update to CAE-4 as compliance in Docket No. 26-08-02. In addition to the total number of RRES projects online without a production meter installed broken down by solar installer, the EDCs shall also include the number of third-party-owned and the number of customer-owned systems.*

In compliance with the above, Eversource submits Attachment 1, which contains data on the number and ownership type of Residential Renewable Energy Solutions ("RRES") projects operating without a production meter as of May 28, 2026, based on PowerClerk data.

In the event of any questions, please do not hesitate to contact the undersigned counsel.

Respectfully submitted,

The Connecticut Light and Power Company
