Re: Docket No. 26-08-04, *Annual Shared Clean Energy Facility Program Review* - Compliance, Order No. 5 from Docket No. 25-08-04 Decision

Dear Mr. Gaudiosi,

Pursuant to Order No. 5 of the Public Utilities Regulatory Authority's ("PURA" or the "Authority") December 17, 2025 Decision in Docket No. 25-08-04, The Connecticut Light and Power Company d/b/a Eversource Energy (the "Company") hereby provides this compliance filing.

Specifically, Order No.5 states:

> *Reference Docket No. 19-07-01RE01 Final Decision, Sept. 15, 2021, Order No. 9, p. 22: No later than August 1, 2022, and annually thereafter, the EDCs shall provide an annual summary of their SCEF engagement activities in the appropriate Annual Review proceeding, including a description of any training sessions held with organizations regarding the SCEF Program and any lessons learned and recommended improvements.*

In 2026 Eversource presented on the SCEF Program during its March 24, 2026 "Programs to Help" customer webinar.

At this time Eversource has a robust list of customers on the waitlist to be considered for future SCEF enrollments and does not recommend further program marketing.

In the event of any questions, please do not hesitate to contact the undersigned.

Respectfully submitted,

THE CONNECTICUT LIGHT AND POWER
COMPANY d/b/a EVERSOURCE ENERGY
