PROPOSED FINAL DECISION

This proposed final Decision is being distributed to the parties in this proceeding for comment. The proposed Decision is not final. The Authority will consider the parties' arguments and exceptions before reaching a final Decision, which may differ from the proposed Decision. Therefore, this proposed Decision does not establish any precedent and does not necessarily represent the Authority's final conclusion.

PROPOSED FINAL DECISION

I. INTRODUCTION

A. SUMMARY

In this Decision, the Public Utilities Regulatory Authority determines that the fuel cell generation facility located at 370 Basset Road in North Haven, Connecticut qualifies as a Class I renewable energy source.

B. BACKGROUND OF THE PROCEEDING

By Application received August 27, 2026 (Application), Fuel Cell ESA QU, LLC (Company) requests that the Public Utilities Regulatory Authority (Authority) determine that the fuel cell generation facility (Facility or Project) qualifies as a Class I renewable energy source.

C. CONDUCT OF THE PROCEEDING

There is no statutory requirement for a hearing, no person requested a hearing, and none was held.

D. PARTICIPANTS

The Authority recognized the following as Participants to this proceeding: Fuel Cell ESA QU, LLC, 5827 Terex Road, Clarkston, MI 48346; the Office of Consumer Counsel, Ten Franklin Square, New Britain, CT 06051; and the Commissioner of the Department of Energy and Environmental Protection, 79 Elm Street, Hartford, CT 06106.

II. STANDARD REVIEW

Pursuant to General Statutes § 16-1(a)(20), “Class I renewable energy source” includes energy derived from fuel cell power.

III. AUTHORITY ANALYSIS

As provided in the Application, the Facility generates electricity using fuel cell power. The Project began commercial operation on May 26, 2026, and has an installed capacity of 0.92 MW. The Facility's NEPOOL GIS Identification Number is NON229891. The Project is a behind-the-meter generation facility located in Connecticut and shall be subject to audits by the Authority.

IV. CONCLUSION

The Authority reviewed all information in the record and finds that pursuant to General Statutes § 16-1(a)(20), the Facility qualifies as a Class I renewable energy

source, effective May 26, 2026. The Authority assigns the Facility Connecticut Renewable Portfolio Standard Registration No. CT260817.

The Authority's determination in this docket is based on the information submitted by the Company. The Authority may reverse its ruling or revoke the Company's registration if any material information provided proves to be false or misleading. The Company is reminded that it is obligated to notify the Authority within 10 days of any changes to any of the information it has provided.

DOCKET NO. 26-08-17 APPLICATION OF FUEL CELL ESA QU, LLC FOR QUALIFICATION OF 370 BASSET ROAD, NORTH HAVEN, CT AS A CLASS I RENEWABLE ENERGY SOURCE

This Decision is adopted by the following Commissioners:

Thomas H. Wiehl David Arconti, Jr. Janice A. Beecher

Holly H. Cheeseman Everett Smith, III
