I. SUMMARY OF THE APPROVAL REQUESTED IN THIS DOCKET

Pursuant to Connecticut General Statute § 16-43(b), The Connecticut Light and Power Company d/b/a Eversource Energy (the "Company") requests approval from the Public Utilities Regulatory Authority ("PURA") to issue long-term debt securities in an aggregate principal amount not to exceed $1.15 billion (the "Long-term Debt") during a period from the date of PURA's decision in this docket through December 31, 2027 (the "Authorization Period"). This proposed transaction (the "Proposed Transaction") is described in Part II of this Application and is explained in greater detail in the attached testimony of Matthew Fallon, Assistant Treasurer - Corporate Finance and Cash Management for Eversource Energy Service Company, James Vancho, Director - Corporate Finance & Credit for Eversource Energy Service Company and Michael Dzialo, Principal Analyst for Eversource Energy Service Company, in Attachment A hereto (the "Testimony"). The Company respectfully requests that PURA issue an order granting the approvals requested in this Application on or before November 2, 2026.

II. DESCRIPTION OF THE PROPOSED TRANSACTION: APPROVAL FOR THE COMPANY TO ISSUE UP TO $1.15 BILLION IN LONG-TERM DEBT

The Company seeks approval to issue up to $1.15 billion in aggregate principal amount of Long-term Debt over the Authorization Period in the form of first mortgage bonds or unsecured notes, in one or more series, with a maturity ranging from one to 30 years. The Long-term Debt, as proposed by the Company, could be issued at a fixed or floating interest rate; and distributed in the public market. The exact financing amount, structure, interest rate and terms of the Long-term Debt would be determined at the time of issuance depending upon prevailing market conditions, but all issuances would be subject to PURA-approved parameters as recommended in the Testimony. Such debt issuance parameters are substantially similar to those endorsed by PURA

in its July 24, 2024 decision in Docket No. 24-05-21, Application of The Connecticut Light And Power Company DBA Eversource Energy For Approval Of The Issuance Of Long-term Debt, in which the Company sought and received PURA approval to issue up to $1.0 billion in long-term debt. The Company also proposes to file a report with the PURA within 30 days following each issuance of Long-term Debt, which summarizes the terms and actual costs of each issuance, and demonstrates compliance with the PURA's pre-approved parameters.

The proceeds of the issuance of Long-term Debt will be used to: (a) refinance outstanding short-term debt; (b) finance the Company's capital expenditures; (c) pay at maturity the Company's $500,000,000 3.20% First and Refunding Mortgage Bonds, 2017 Series A, due March 15, 2027; (d) fund working capital; and (e) pay issuance costs.

III. ATTACHMENTS FILED IN SUPPORT OF THIS APPLICATION

In support of this Application, the Company is filing Attachments A through O, which were listed in the table of contents to this Application. This Application and the materials in Attachments A through O collectively contain all of the information the Company is required to file with the PURA pursuant to the applicable provisions in Connecticut General Statutes § 16-43(b) and Regulations of Connecticut State Agencies ("R.C.S.A.") § 16-43-3(a). The Company reserves the right, however, to file such additional testimony and materials as it may consider necessary or desirable during the course of this proceeding.

IV. NAME AND ADDRESS OF THE APPLICANT

VI. PUBLIC CONVENIENCE AND NECESSITY

Public convenience and necessity require, in the interests of the Company's customers and shareholders, that the Company's debt financing needs and arrangements be managed prudently and efficiently. The issuance and sale of not more than $1.15 billion of Long-term Debt in the manner and for the purposes set forth in this Application will satisfy this requirement and serve such interests.

For all of the reasons set forth in this Application, the Testimony and the attached supporting materials, the Company respectfully requests that PURA issue an order granting the approvals requested in this Application on or before November 2, 2026.

Respectfully submitted,

THE CONNECTICUT LIGHT AND POWER COMPANY DBA EVERSOURCE ENERGY
