APPLICATION TO AMEND RATE SCHEDULES

Pursuant to Section 16-19 of the Connecticut General Statutes and Sections 16-1-53 *et seq*. of the Regulations of Connecticut State Agencies, The Jewett City Water Company ("Jewett City" or the "Company") hereby files proposed amendments to its existing rate schedules. The proposed amendments would provide additional revenues in the amount of $813,082 over the Company's adjusted test year revenues of $3,034,085. Jewett City increased its rates in May 2021. *See* Decision, Docket No. 20-10-31, "Application of The Jewett City Water Company for Approval of Rate Schedules" (May 19, 2021).

As described in more detail in the attached Testimony of Robert Sherwood (Exhibit A-1), President of the Company, the proposed increase in rates is necessary primarily because of the addition of $1,085,608 of new plant (exclusive of contributed plant) over the past six years. Additionally, the Company has seen significant increases of its operation and maintenance expenses over the past six years.
