Public Educational and Governmental Programming and Education Technology Investment Account (PEGPETIA) Grant Program Application & Itemized Budget

Instructions for Filing a Motion to Apply for a PEGPETIA Grant

Motion Deadline

The Public Utilities Regulatory Authority (Authority or PURA) oversees a program to award Public Educational and Governmental Programming Grants (PEG Grants) and Education Technology Investment Grants (ETI Grants) to eligible entities. See General Statutes § 16-331cc. **This PEGPETIA Grant Program Application must be filed as a motion in Docket No. 26-10-02 no later than noon on November 20, 2026.**

Program Funding Eligibility

PEG grant funding is intended to improve public, educational, and governmental access programming in Connecticut, and funds should be used for capital and equipment costs that aid the production or procurement of public, educational, and governmental programs. To ensure the funding is used appropriately, after completion of the project, PEG grant recipients must file a report of the project enabled by the grant funds.

ETI grant funding is intended to support education technology initiatives of boards of education and other education entities (public and private schools are eligible to apply). To ensure the funding is used appropriately, after completion of the project, ETI grant recipients must file a report of the project enabled by the grant funds.

Submission of Motion

Applicants must complete and file the Application with Itemized Budget electronically to PURA as a motion in Docket No. 26-10-02, at https://portal.ct.gov/pura/about/filing-and-forms/make-an-electronic-filing. Applicants who have not previously registered must first register for an account.

Motions must include an Application and Itemized Budget for the projects to be funded by the grant. Quotes, invoices, or similar documentation must be submitted for each item to be purchased with grant funds.

The motion will be assigned a unique motion number after it is filed. The allowable electronic filing size is 20 MB. If the motion's attachments (Application with Itemized Budget plus other attachments) exceed the allowable limit, the motion may include only the completed Application with Itemized Budget, and the remaining attachments must be filed as supplemental filings to the same motion. Subsequent supplements must also be filed as supplemental filings under the assigned motion number.

Questions regarding the electronic filing of the motion and supplements should be directed to Docket Control at PURA.ExecutiveSecretary.gov or (860) 827-2836.

III. Investment or Initiative Eligibility

12. Provide a description of proposed capital and equipment investment or education technology initiative. State expected enhancements to PEG programming or education technology. If applicable, state why similar equipment is not available from the local community access studio (PEG only).

PROMETHEAN BOARDS - to facilitate interactive and engaging learning experiences, we plan to continue the deployment of Promethean Boards to all classrooms so every student, pre-k to Grade 8 has access to technology that allows teachers to integrate multimedia content.

Windows Laptop and MACBOOK Air - we will purchase five Windows laptops and two Mac Book Air which will empower students/staff with cutting edge computing capabilities. We have a technology replacement schedule to ensure we have up to date equipment necessary to ensure quality instruction.

13. Identify the affected geographical area(s) and/or school system(s) that will benefit from the investment or initiative:

This project will directly benefit the Hartland School system's students, staff, and community.

14. State the number of subscribers served or students impacted:

104 Students.

15. List the schedule for implementation, including estimated dates for key milestones and completion.

Note: Completed projects are not eligible.

Hartland School will purchase the equipment and schedule all related installation services as soon as the grant funds are made available. Ideally, the installation of all equipment will be completed by mid-August, so the staff may receive the necessary training and professional development prior to the 2027-2028 school year.

16. Identify objective performance measures that can be used to evaluate the success or effectiveness of the investment or initiative:

Our objective measures are:
1. to create and implement engaging instructional opportunities within the district curriculum and content areas that incorporate grade level technologies and skills
2. to train teachers and students in the safe use of various technologies to gain and share information
3. to keep students, staff and community aware of important school happenings

17. Description of organization, including experience and competence related to the proposed project:

We serve the community of Hartland, Connecticut. The mission of Hartland School is to provide learning opportunities in a nurturing environment, inspiring life-long learning and a realization of full potential. Hartland School has goals in the area of Curriculum, Instruction and Assessment; School Community, Climate and Culture; and Information Technology.
The Hartland School is committed to educational excellence and is dedicated to shaping students that embody the competencies included in the Portrait of a Successful Student. We continually strive to help students develop intellectual curiosity and embrace growth while increasing student performance. This grant will help our efforts to enrich our students' educational experiences at Hartland School.
