Re: Docket No. 26-09-06 – Application for Approval to Install and Use an Electric Submetering System at 101 Merritt 7, Norwalk, CT

Dear Mr. Gaudiosi:

I am writing on behalf of my client, Lofts M7, LLC ("M7"), regarding the above-referenced Public Utilities Regulatory Authority ("PURA" or the "Authority") proceeding. On October 5, 2026, the Authority's Office of Education, Outreach and Enforcement ("EOE") issued a Notice of Incomplete Application.

After discussing with EOE, M7 has provided a revised application that addresses Items 1-2, 4-6, and 8-9. Discussions with EOE have confirmed that Item 3 is acceptable as filed. Item 7 contains the administrative fees on Page 22 of the example lease. While a property-specific lease has not been finalized for this facility, the final lease will comply in substantial form with the template lease provided in support of the application. This revised application has been filed as a supplemental application, noting which exhibits have been revised or added.

Should you have any questions concerning this submittal, please contact me at your convenience. I certify that a copy has also been filed with the Authority as an electronic web filing and is complete.

Respectfully submitted,

Kate Boucher
