Re: **Docket No. 26-09-07: Application for Cellco Partnership d/b/a Verizon Wireless for Approval of Construction of Small Cell Wireless Facilities in the Public Rights-of-Way – New Canaan SC47 CT**

Expiration of Objection Period

Dear Mr. Gaudiosi:

On September 11, 2026, Cellco Partnership d/b/a Verizon Wireless ("Cellco") filed an application for approval of construction of the above-referenced small cell wireless facility in the public right-of-way ("Application") with the Public Utilities Regulatory Authority ("Authority"). The Application noted that Cellco had received an objection from the owner of 954 Ponus Ridge, Immacolata Cognetta, in response to the notification provided to immediate adjoining owners regarding the proposed New Canaan SC47 CT facility.

On September 22, 2026, the Authority provided notice to Ms. Cognetta, informing her that, if she intended to formally object to the Application, a written summary of her objection must be filed with the Authority by October 22, 2026. The notice stated, "If the Authority does not receive a written objection within 30 days of the date of this letter, the Authority will conclude that your objection is withdrawn, and the Authority will review the application and render a decision."

The deadline for Ms. Cognetta to respond to the Authority's notice has now expired. To Cellco's knowledge, no further correspondence from Ms. Cognetta has been received. Therefore, Cellco respectfully requests that the Authority deem Ms. Cognetta's objection to be withdrawn and render a decision in the above-referenced docket.

Please do not hesitate to contact me if you have any questions or require additional information.

I certify that a copy hereof has been sent via e-mail or Certificate of Mailing to all participants of record as reflected on the Authority's service list as of this date. A copy has also been filed with the Authority as an electronic web filing and is complete.

Sincerely,

Emily C. Deans
