Subject: PEGPETIA Docket No 26-10-02

Dear Ussawin Bumpen,

I am writing to express my strong support for the grant application submitted by Booth & Dimock Memorial Library in Coventry to upgrade its security camera system. All cameras and supporting infrastructure were installed in February 2016. In addition to poor quality imaging, the cameras are starting to become unreliable. Being a member of a previous library building committee and, also advocating through the years as the State Representative for other library projects, I can attest to the utilization by our residents of the Booth & Dimock Memorial Library as well as being a focal resource to our community.

I urge PURA to prioritize and approve this application. This investment will deliver long-term benefits to the residents of Coventry and library patrons outside our community who visit.

Thank you for your consideration of this important project. Please do not hesitate to contact me if you require further information or have questions.

Sincerely,

Tim Ackert
State Representative, 8th District
