## PUBLIC UTILITIES REGULATORY AUTHORITY

**Public Educational and Governmental Programming and Education Technology Investment Account (PEGPETIA) Grant Program Application & Itemized Budget**

***Instructions for Filing a Motion to Apply for a PEGPETIA Grant***

***Motion Deadline***

The Public Utilities Regulatory Authority (Authority or PURA) oversees a program to award Public Educational and Governmental Programming Grants (PEG Grants) and Education Technology Investment Grants (ETI Grants) to eligible entities. See General Statutes § 16-331cc. **This PEGPETIA Grant Program Application must be filed as a motion in Docket No. 26-10-02 no later than noon on November 20, 2026.**

***Program Funding Eligibility***

PEG grant funding is intended to improve public, educational, and governmental access programming in Connecticut, and funds should be used for capital and equipment costs that aid the production or procurement of public, educational, and governmental programs. To ensure the funding is used appropriately, after completion of the project, PEG grant recipients must file a report of the project enabled by the grant funds.

ETI grant funding is intended to support education technology initiatives of boards of education and other education entities (public and private schools are eligible to apply). To ensure the funding is used appropriately, after completion of the project, ETI grant recipients must file a report of the project enabled by the grant funds.

***Submission of Motion***

Applicants must complete and file the Application with Itemized Budget electronically to PURA as a motion in Docket No. 26-10-02, at https://portal.ct.gov/pura/about/filing-and-forms/make-an-electronic-filing. Applicants who have not previously registered must first register for an account.

**Motions must include an Application and Itemized Budget for the projects to be funded by the grant. Quotes, invoices, or similar documentation must be submitted for each item to be purchased with grant funds.**

The motion will be assigned a unique motion number after it is filed. The allowable electronic filing size is 20 MB. If the motion's attachments (Application with Itemized Budget plus other attachments) exceed the allowable limit, the motion may include only the completed Application with Itemized Budget, and the remaining attachments must be filed as supplemental filings to the same motion. Subsequent supplements must also be filed as supplemental filings under the assigned motion number.

Questions regarding the electronic filing of the motion and supplements should be directed to Docket Control at PURA.ExecutiveSecretary.gov or (860) 827-2836.

## III. Investment or Initiative Eligibility

12. Provide a description of proposed capital and equipment investment or education technology initiative. State expected enhancements to PEG programming or education technology. If applicable, state why similar equipment is not available from the local community access studio (PEG only).

The proposed educational technology initiative is the CSCU System's acquisition of permanent online access with unlimited concurrent users to e-book collections addressing the social impacts of artificial intelligence (AI).

See the Itemized Budget for detailed information on the e-books, including titles, ISBNs, authors, publishers, copyright years, and subject areas.

The acquired collections would be discoverable through the websites and Primo discovery platforms available on the CSCU libraries' websites (https://www.ct.edu/libraries). The collections would be accessible from anywhere and at any time by all students, faculty, and staff in the CSCU System.

The CSCU System will promote the collections to faculty so that the collections can be integrated into curriculum across numerous disciplines. In this way, the collections would be used to significantly enhance the abilities of the CSCU institutions to serve their students and to realize their teaching and learning missions.

13. Identify the affected geographical area(s) and/or school system(s) that will benefit from the investment or initiative:

The acquired e-book collections would benefit all students, faculty, and staff throughout the CSCU System. The CSCU System consists of six public colleges and universities, including four Connecticut State Universities, Connecticut State Community College, and Charter Oak State College. The institutions and campuses of the CSCU System are distributed across the state of Connecticut.

14. State the number of subscribers served or students impacted:

The institutions of the CSCU System serve 41,044 undergraduate students and 2,846 graduate students (based on Spring 2026 student full-time-equivalency data).

Docusign Envelope ID: C0EAB03E-6FF9-83A6-8106-F0E016529F6E

15. List the schedule for implementation, including estimated dates for key milestones and completion.

***Note: Completed projects are not eligible.***

The schedule for implementation begins following the processing of grant contract documents:

Month 1:
-The CSCU System issues the vendor a Purchase Order.
-The vendor issues the CSCU System an invoice.
-The CSCU System issues payment to the vendor.

Months 2: The CSCU System works with the vendor to set-up and test access to the acquired collections.

Month 3: CSCU libraries promote the acquired collections within their institutions' communities.

Month 3+: Evaluation of acquired collections.

---

16. Identify objective performance measures that can be used to evaluate the success or effectiveness of the investment or initiative:

The CSCU System will leverage the CSCU libraries' integrated software for collection management to analyze usage data for the acquired collections. The usage data that is collection and analyzed will include total usage as well as usage disaggregated by individual e-book and individual CSCU institution.

---

17. Description of organization, including experience and competence related to the proposed project:

The CSCU System
The Connecticut State Colleges & Universities (CSCU - https://www.ct.edu/) System consists of six public colleges and universities, including four Connecticut State Universities, Connecticut State Community College (with campuses across the state), and Charter Oak State College. The CSCU System contributes to the creation of knowledge and the economic growth of the state of Connecticut by providing affordable, innovative, and rigorous programs in high demand areas. CSCU enrolls students in certificate and degree programs in liberal arts, sciences, fine arts, applied fields, and professional disciplines. CSCU's comprehensive degree and certificate programs, workforce-focused learning opportunities, and job skills training programs allow students to achieve their personal and career goals.

The CSCU Library Consortium
Within the CSCU System, the CSCU Library Consortium (https://www.ct.edu/libraries) is the nexus of partnership across the CSCU libraries. The mission of the consortium is to empower its member libraries to collaborate in support of success, equity, diversity, social justice, and access to resources that spark creativity and intellectual enrichment.

Related Experience and Competences
The CSCU System and its Library Consortium have extensive experience in successfully leveraging education technology to complete initiatives. For the current application, administration of the grant would be led by the CSCU Library Consortium's Program Manager for Consortium Operations and would have the support of the consortium's Systems Librarian. The consortium has a strong track record of leveraging the collective buying-power of the institutions in the CSCU System to acquire e-collections in manners that reduce costs, increase efficiencies, and benefit students.

## PEGPETIA ITEMIZED BUDGET

***Instructions***

***Required Information***

You must provide this itemized budget for the capital and equipment investment or education technology initiative proposed in your application. For each expense, you must provide the following information:

(1) Name of expense

(2) Total amount of expense (unit cost x quantity)

(3) Brief description

(4) Quantity requested

(5) Unit price

(6) A copy of a bid, estimate, or similar documentation; and

(7) Type of cost (equipment, design, engineering, installation, training, warranty, insurance, other)

For each expense listed, you must attach a copy of the bid, estimate, or similar documentation.

***Note: The Authority cannot accept links to online vendors as documentation of expenses. You may, however, attach saved or printed copies of equipment listed for sale with online vendors as documentation.***

***Types of Costs***

Non-equipment costs (such as design, engineering, installation, training, warranties, or insurance) must be reasonable and should be limited to less than 10% of the overall grant. Other non-equipment expenses (such as salaries, service agreements, or stipends) are not permitted as part of the grant request.

***Note: Software may be categorized as equipment.***
