CONTROLLED WATER HEATING ELECTRIC SERVICE RATE 18

AVAILABLE only for controlled water heating electric service to any customer other than residential, except as noted herein. Controlled storage electric water heaters shall meet the Company's specifications. These units shall be installed and wired for control in accordance with the Company's specifications. This rate is available for solar water heating used in conjunction with a storage unit which meets the Company's specifications.

Available to residential customers where electricity supplies a portion of, but is not the sole source of, domestic hot water. Also available for centrally supplied water heating in apartment buildings.

This rate is not available for any space heating or for commercial or industrial processes.
