New Britain, CT 06051

Re: Docket No. 27-01-02, Administrative Proceeding to Review The United Illuminating Company's (UI) Standard Service and Supplier of Last Resort Service 2027 Procurement Results and Rates, **Motion for Approval**

Dear Mr. Gaudiosi:

The United Illuminating Company ("UI" or the "Company") respectfully requests the Public Utilities Regulatory Authority ("PURA" or the "Authority") to incorporate the results of UI's most recent PURA approved power procurement for Standard Service ("SS") and Last Resort Service ("LRS") into new Supply charges effective January 1, 2027. The proposed SS and LRS rates effective January 1, 2027, are shown in Attachment 1. The complete analysis of the Supply rates effective January 1, 2027, with all calculations preserved is given in Attachment 2.

The Company respectfully requests PURA to give administrative approval to maintain the Bypassable FMCC ("BFMCC") rate equal to a credit of (0.0392) ¢/kWh. Additionally, the Company respectfully requests PURA to give administrative approval to maintain the Supply administrative adder rate equal to 0.8049 ¢/kWh as approved by the Authority in its November 15, 2023, Motion No. 11 Ruling in Docket No. 23-01-04, PURA Annual Review of the Rate Adjustment Mechanisms of The United Illuminating Company. The Company's administrative expenses to provide default generation service and load settlement are recovered through the Supply administrative adder. Additionally, previous over-collections or under-collections are reconciled through the Supply administrative adder. The present and proposed adders are shown on Attachment 2 Page 2 of 2.

The Company hereby reports that SS generation revenues on an annualized basis will increase by $134,670,181, or 28.8%. The overall effect on rates for customers taking SS generation service is 13.5% as shown in Attachment 1 Exhibit 5 Page 2 of 6. The proposed SS retail rates for the first half of 2027 are shown on Attachment 2 Page 2 of 2.

The Company hereby reports that LRS generation revenues on an annualized basis will increase by $66,049,586, or 39.9%. The overall effect on rates for customers taking LRS generation service is 28.4% as shown in Attachment 1 Exhibit 5 Page 2 of 6. The proposed LRS retail rates by month are shown on Attachment 2 Page 1 of 2.

The Company hereby reports that BFMCC revenues on an annualized basis will remain constant at a credit of ($1,527,442) as shown in Attachment 1 Exhibit 5 Page 2 of 6. The proposed BFMCC

retail rate for the first half of 2027 is shown on Attachment 2 Page 1 of 2. Please note that the actual collection of the BFMCC will be less than the amount shown on Attachment 1 Exhibit 5 Page 2 of 6 to the extent that supply sales by competitive suppliers displace sales through Standard Service.

The overall annualized effect of the SS, LRS, BFMCC proposed rate changes effective January 1, 2027, is an increase in revenue of $200,719,768, or 31.7%. The overall effect on rates for customers taking default generation service from the Company is 16.3% as shown in Attachment 1 Exhibit 5 Page 2 of 6.

Standard Service and Last Resort Service are procured by the Company on behalf of retail customers through a State mandated and reviewed competitive procurement process, which reflects conditions in the ISO New England energy and capacity markets.

The Company will contact all LRS customers individually to inform them of the upcoming proposed LRS rate increases.

The sales, rates, and revenue summaries for rates effective January 1, 2027, are shown in Attachment 1 Exhibit 5. The sales, rates, and revenue details by rate schedule for rates effective January 1, 2027, are shown in Attachment 1 Exhibit 6. The typical bill impacts for rates effective January 1, 2027, are shown in Attachment 1 Exhibit 7.

For the typical residential customer taking service under the Company's Rate R tariff with Standard Service generation and consuming 700 kWh per month, the bundled bill will increase by $25.95 per month, which is an increase of 13.05%.

I hereby certify service of this filing upon all parties and intervenors of record in this proceeding.

Sincerely,

Alex E. Soter
Counsel
