STATE OF CONNECTICUT
PUBLIC UTILITIES REGULATORY AUTHORITY

Public Educational and Governmental Programming and Education Technology Investment Account (PEGPETIA) Grant Program Application & Itemized Budget

Instructions for Filing a Motion to Apply for a PEGPETIA Grant

Motion Deadline

The Public Utilities Regulatory Authority (Authority or PURA) oversees a program to award Public Educational and Governmental Programming Grants (PEG Grants) and Education Technology Investment Grants (ETI Grants) to eligible entities. See General Statutes § 16-331cc. **This PEGPETIA Grant Program Application must be filed as a motion in Docket No. 26-10-02 no later than noon on November 20, 2026.**

Program Funding Eligibility

PEG grant funding is intended to improve public, educational, and governmental access programming in Connecticut, and funds should be used for capital and equipment costs that aid the production or procurement of public, educational, and governmental programs. To ensure the funding is used appropriately, after completion of the project, PEG grant recipients must file a report of the project enabled by the grant funds.

ETI grant funding is intended to support education technology initiatives of boards of education and other education entities (public and private schools are eligible to apply). To ensure the funding is used appropriately, after completion of the project, ETI grant recipients must file a report of the project enabled by the grant funds.

Submission of Motion

Applicants must complete and file the Application with Itemized Budget electronically to PURA as a motion in Docket No. 26-10-02, at https://portal.ct.gov/pura/about/filing-and-forms/make-an-electronic-filing. Applicants who have not previously registered must first register for an account.

Motions must include an Application and Itemized Budget for the projects to be funded by the grant. Quotes, invoices, or similar documentation must be submitted for each item to be purchased with grant funds.

The motion will be assigned a unique motion number after it is filed. The allowable electronic filing size is 20 MB. If the motion's attachments (Application with Itemized Budget plus other attachments) exceed the allowable limit, the motion may include only the completed Application with Itemized Budget, and the remaining attachments must be filed as supplemental filings to the same motion. Subsequent supplements must also be filed as supplemental filings under the assigned motion number.

Questions regarding the electronic filing of the motion and supplements should be directed to Docket Control at PURA.ExecutiveSecretary.gov or (860) 827-2836.

Docket No. 26-10-02 Shelton Public Schools

I. Applicant Information

1. Organization Name: Shelton Public Schools
2. Mailing Address: 382 Long Hill Ave., Shelton, CT 06484
3. Employer Identification Number: 45-3700975
4. Contact Person for Service List ***(required)*** ☑ ***(check if new/updated)***

   Name: Dr. Ronald Gydus

   Mailing Address: 382 Long Hill Ave., Shelton, CT 06484

   Phone Number: 203-924-1023 (Ext. 370)

   Email Address: rgydus@sheltonpublicschools.org
5. Additional Contact Person for Service List ***(optional)*** ☐ ***(check if new/updated)***

   Name:

   Mailing Address:

   Phone Number:

   Email Address:
6. Authorized Representative ***(required)***

   Note: The authorized representative will not be on the service list unless also listed as a contact person, above.

   Name: Dr. Ken Saranich

   Mailing Address: 382 Long Hill Ave., Shelton, CT 06484

   Phone Number: 203-924-1023 (Ext. 302)

   Email Address: ksaranich@sheltonpublicschools.org
7. Purpose of Grant (check one):

   ☐ PEG Grant (capital and equipment for producing/procuring programming)

   ☑ ETI Grant (educational technology initiative)
8. Amount Requested: $$ 113,750.00

   Note: The "Amount Requested" will autocalculate upon completion of the Itemized Budget, below.

II. Applicant Eligibility

9. Organization Type (check one):

PEG (Programming)

☐ Local community antenna television and video advisory council

☐ State-wide video advisory council

☐ Public, educational and governmental programmer

☐ Public, educational and governmental studio operator

ETI (Educational Technology Initiative)

☑ Board of Education

☐ Public library

☐ Other education entity: _____

10. Which of the following describes your organization?

☐ Connecticut State Agency

☐ Municipality

☐ Nonprofit 501(c)(3) organization. Provide Secretary of the State No.: _____

☑ Other (e.g., LLC or corporation). Provide Secretary of the State No.: _____

11. For each of the PEGPETIA Grant cycles below, indicate whether your organization received a grant and submitted all required compliance filings:

Docket No.	Grant Received?	Date of Compliance Filing		
		Order No. 2	Order No. 3	Order No. 4
24-10-02	☑ Yes ☐ No	1/23/25	1/23/25	1/23/25
23-10-02	☑ Yes ☐ No	11/5/2024	11/5/2024	11/5/2024
22-10-02	☑ Yes ☐ No	2/2/2024	2/8/2024	2/8/2024
21-10-13	☑ Yes ☐ No	9/14/2022	1/31/2023	1/31/2023

Note: If you have received a grant in any of the dockets listed above, you must submit any outstanding compliance filings prior to submitting this application.

III. Investment or Initiative Eligibility

12. Provide a description of proposed capital and equipment investment or education technology initiative. State expected enhancements to PEG programming or education technology. If applicable, state why similar equipment is not available from the local community access studio (PEG only).

This PEGPETIA Grant request is for 50 interactive displays which would replace existing displays throughout the district that are over 15 years old. The displays have reached the end of their useful hardware life and need to be replaced with modern functional interactive displays.

Under the official PEGPETIA Educational Grant Guidance (issued by PURA based on Conn. Gen. Stat. § 4d-80(c)(2) and the Commission for Education Technology / CET core focus areas), interactive classroom displays qualify as eligible "education technology initiatives" in the following specific ways:

1. Alignment with CET Core Focus AreasThe guidance incorporates three core focus areas defined by the Commission for Education Technology (CET):
-Infrastructure: Replacing outdated overhead projectors, legacy SMART Boards, or non-interactive screens with modern interactive flat panels directly upgrades classroom hardware infrastructure. Displays with integrated Wi-Fi and modern network hardware strengthen local school infrastructure.
-Digital Learning: Interactive displays serve as a primary hub for digital instruction, enabling direct access to web-based learning tools, educational apps, interactive software, and multimedia content (such as district streaming systems).
-Data and Privacy: Modern commercial-grade displays support secure network authentication, enterprise management, and compliant software environments that protect student data privacy.

2. Alignment with Statutory State Education Technology Goals
The guidance explicitly cites Conn. Gen. Stat. § 4d-80(c)(2) goals, which interactive displays directly support:
-Goal (B) — Wiring and classroom connectivity: Interactive displays connect classrooms directly to high-speed digital transmission technology and local network/Internet resources.
-Goal (D) — Student Computing Competency: Hands-on interaction with interactive displays gives students daily exposure to digital tools, touch interfaces, and interactive software, fostering early computer literacy and digital fluency.
-Goal (E) — Teacher Technology Competency & Curriculum Integration: Modern interactive displays allow teachers to integrate digital media directly into daily lesson plans, enhancing engagement and demonstrating effective technology integration in public school instruction.

13. Identify the affected geographical area(s) and/or school system(s) that will benefit from the investment or initiative:

Shelton Public Schools is a school district in Shelton, Connecticut, located in eastern Fairfield County. The Superintendent of Shelton Public Schools is Dr. Ken Saranich. Shelton public schools currently operates five K-4 elementary schools (see below), one upper elementary school (grades 5 and 6), an intermediate school (grades 7 and 8), and one high school.

Shelton School District is an above average, public school district located in Shelton, CT.

The Shelton School District consists of Booth Hill Elementary School, Elizabeth Shelton Elementary School, Long Hill Elementary School, Mohegan Elementary School, Sunnyside Elementary School, Perry Hill Upper Elementary School, Shelton Intermediate School, Shelton High School, and Central Office.

14. State the number of subscribers served or students impacted:

4294

15. List the schedule for implementation, including estimated dates for key milestones and completion.

Note: Completed projects are not eligible.

The followiong schedule assumes the PEGPETIA grant funds are received by May 2027. If funds are received after that date, all applicable dates will be adjusted accordingly:
-Submit purchase order to vendor-6/2027
-Receive shipments from vendor-7/2027
-Begin installation of equipment-7/2027
-Complete installation of equipment-8/2027
Complete testing of equipment-8/2027

16. Identify objective performance measures that can be used to evaluate the success or effectiveness of the investment or initiative:

--Student Access & Skill Development: Enables students to engage with modern technology, build core computing competencies, and access digital tools through enhanced audio, video, and responsive touch features that support diverse learning styles.
-Curriculum Integration & Engagement: Empowers teachers to seamlessly integrate dynamic digital resources into daily lessons, boosting classroom collaboration and driving student achievement against key educational standards.
-Instructional Outcomes & Success Metrics: Modernizes classroom instruction to improve digital learning outcomes, measured by teacher adoption, positive feedback, and increased student engagement.

17. Description of organization, including experience and competence related to the proposed project:

The Superintendent of Schools is responsible, within the guidelines established by the Board of Education policy, state and federal laws and regulations, and employee agreements, for directing and coordinating the staff to achieve the goals, and general objectives adopted by the Board of Education consistent with the district's educational philosophy. The Board of Education consists of the Finance, Policy, Teaching and Learning, and Buildings and Grounds sub-committees. Several years ago, our district adopted the "Vision of a Graduate". The Vision of a Graduate serves as a district's guiding compass, defining the specific academic, interpersonal, and digital competencies a student must master from pre-K through 12th grade to succeed in post-secondary education, modern careers, and civic life.
The Technology Department has experience with projects of this type and actively works to maintain the technical infrastructure of the district. The IT Department is committed to providing a secure, stable, and robust network, Chromebooks for students and learning tools and devices that support and enhance the district's teaching and learning efforts. The IT department is now replacing aging equipment including interactive displays while simultaneously supporting the influx of new devices and users. Much of our equipment is aging or EOL while at the same time the number of users and devices being supported has increased dramatically.
Our work as educators has been to prepare our students for the challenges and opportunities they will experience as adults. In Shelton, we see this as a path of learning and growth with the goal being to provide students with meaningful educational opportunities. Replacing barely functioning, 15 year old displays with modern district infrastructure alings with our "Vision of a Graduate" and enhances digital competencies.

THE SHELTON WAY

The Vision of a Graduate

If...

we design a pathway for student learning and growth, and guide our students step-by-step, each at their own unique pace,

Then...

they will grow into capable adults, confident and well-prepared to adapt to and thrive in the rapidly changing global society.

CRITICAL THINKING AND PROBLEM SOLVING

Developing solutions to complex issues by efficiently applying reason, persistency and original idea.

CREATIVITY AND INNOVATION

Embrace imagination as well as the process of change to shape the world.

FLEXIBILITY AND ADAPTABILITY

Willingness to compromise and adjust to new situations.

INITIATIVE AND SELF DIRECTION

Assess and identify progressive actions to work independently with an inner driven passion.

COLLABORATION

Working with others efficiently to strategically produce or create.

EMPATHY

Ability to listen and understand others' perspective, needs and culture.

IV. Budget Information

18. Partner organization(s) or other funding sources (if applicable):
N/A

19. Have you completed the PEGPETIA Itemized Budget form below (with an itemized budget for the investment or initiative)?

☑ Yes.

☐ No. Explain:

20. Have you provided supporting documentation for each item, such as copies of bids, estimates, and quotes?

☑ Yes.

☐ No. Explain:

21. Are the non-equipment costs for design and engineering, installation, training, and warranties/insurance less than 10% of the overall grant request?

Note: Software may be categorized as equipment. Other non-equipment expenses (such as salaries, service agreements, or stipends) are <u>not permitted</u> as part of the grant request.

☑ Yes.

☐ No. Explain:

V. PEG Grant CAP Acknowledgment

22. **For PEG Grant Applicants Only:** The Applicant understands that it must review and comply with the relevant community access provider operating rules and regulations, including the prohibition of the presentation of any advertising material designed to promote the sale of commercial products or services (including advertising by or on behalf of candidates for public office). The Applicant further acknowledges that no organization or company providing community access operations shall exercise editorial control over programming, except as to programming that is obscene and except as otherwise allowed by applicable state and federal law.

☐ Yes.

☐ No.

VI. Signature of Authorized Representative

I, Dr. Ken Saranich, am authorized to sign this application on behalf of the applicant organization. Under the penalty of law, by signing this application, I affirm that the information provided to the Authority is true and correct to the best of my knowledge and that any errors of omissions will be timely corrected and resubmitted.

I understand that grant funding may be denied due to failure to provide the information and supporting documentation required by this Application.

PEGPETIA ITEMIZED BUDGET

Instructions

Required Information

You must provide this itemized budget for the capital and equipment investment or education technology initiative proposed in your application. For each expense, you must provide the following information:

(1) Name of expense

(2) Total amount of expense (unit cost x quantity)

(3) Brief description

(4) Quantity requested

(5) Unit price

(6) A copy of a bid, estimate, or similar documentation; and

(7) Type of cost (equipment, design, engineering, installation, training, warranty, insurance, other)

For each expense listed, you must attach a copy of the bid, estimate, or similar documentation.

Note: The Authority cannot accept links to online vendors as documentation of expenses. You may, however, attach saved or printed copies of equipment listed for sale with online vendors as documentation.

Types of Costs

Non-equipment costs (such as design, engineering, installation, training, warranties, or insurance) must be reasonable and should be limited to less than 10% of the overall grant. Other non-equipment expenses (such as salaries, service agreements, or stipends) are not permitted as part of the grant request.

Note: Software may be categorized as equipment.
